MEMORANDUM FOR SEE DISTRIBUTION

FROM: Holm Center/CC

SUBJECT: Holm Center FY23 Class Dates – Amendment 1

1. Holm Center class dates for the FY23 Air University Programming and Production Schedule are provided below. Students attending the full (8-week) Officer Training School (OTS) course will receive credit for completing MOTS-005, students attending the 5-week course will receive credit for completing MOTS-002, and students attending Reserve Commissioned Officer Orientation (RCOO) Course will get credit for completing MOTS-003. Class 23-04 will only offer the 5-week, OTS-Abbreviated (OTS-A) version of the course. This memo revises the previously released 23 Mar 2022 schedule. Due to historically low instructor manning, revisions were made to FY23 class dates in order to maximize OTS allocations and overall production through combining phased courses into single, yet larger capacity classes, maintaining a higher production capacity than the previous schedule afforded.

2. In order to develop the highest quality officers and leaders, OTS will maintain a 14:1 student-to-instructor ratio throughout FY23 for all courses including; OTS, OTS-A, and RCOO.

3. For OTS courses, including OTS, OTS-A, and RCOO, the listed class start date is the first training day, with reporting times directed by the 24th and 217th Training Squadrons. Students are authorized lodging per the Joint Travel Regulations. OTS Reporting Instructions and the Welcome Guide can be found at: <https://www.airuniversity.af.edu/Holm-Center/OTS/>.
